WHEREAS, Industrial Origami, LLC, a corporation of the State of California, having a place of business at 487 Bryant Street, San Francisco, California 94107, (hereinafter termed "Assignee"), is desirous of acquiring the entire right, title and interest in and to said patent and patent applications and the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived (all collectively hereinafter termed the "inventions"), and in and to any and all patents, inventor's certificates

and other forms of protection (hereinafter termed the "patents") thereon granted in the United States and in foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by the Assignor to have been received in full from the Assignee:

1. The Assignor does hereby sell, assign, transfer and convey unto the Assignee, the entire right, title and interest (a) in and to the above set forth patent and patent applications and the inventions; (b) in and to all rights to apply for foreign patents on the inventions pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on the inventions in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extensions of any of the patents; and (e) in and to all rights to enforce the patent rights assigned hereunder against past, current and future infringers, including the rights to collect compensatory and punitive damages, to seek and obtain injunctions, and to collect attorneys fees.

2. The Assignor hereby covenants and agrees to cooperate with the Assignee to enable the Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Assignee shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by the Assignee (a) for perfecting in the Assignee the right, title and interest herein conveyed; (b) for prosecuting any of the applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering the inventions; (d) for filing and prosecuting applications for reissuance of any patents; (e) for interference or other priority proceedings involving the inventions; and (f) for legal proceedings involving the inventions and any applications therefore and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by the Assignor in providing such cooperation shall be paid by the Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of the Assignee, its successors, assigns and other legal representatives, and shall be binding upon the Assignor, its respective successors, legal representatives and assigns.

4. The Assignor hereby warrants and represents that it has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, the Assignor has executed and delivered this instrument to the Assignee as follows:

"Assignor"  
Industrial Origami, Inc.

Date: Sept 1 2004

By: [Signature]  
Rick A. Holman, President

State of California )  
County of San Francisco ) SS.
