The enclosed is being sent with an abundance of caution, as clean copy. On July 28, the Patent Office issued a Notice of Non-Recordation due to non-legibility for recording purposes of the assignment previously faxed on July 18, 2008.

I have since obtained a copy of the original assignment document faxed that day, and include a clean copy herewith.

I am sending this copy as a replacement copy for those pages earlier faxed, including pages faxed to the Patent Office on August 13, 2008. The reason for this third submission is to assure that the quality of the assignment document sent on the 13th of August is sufficient for recordation purposes, my concern arising as a result of an issue with the fax system used that day, which produced the Auto Reply copy enclosed.

I trust this "one more" submission won't cause any undue confusion, or add further complication.

Thank you.

Sincerely Yours,

Lawrence Edelman
