ASSIGNMENT

WHEREAS we, Anne M. Sauer, William E. Crowe, Roger A. Laine, and Gregg Henderson, the below-named inventors whose addresses and citizenships are as stated below next to our names, have made an invention in "Efficient and Economic Asymmetric Synthesis of Nootkatone, Tetrahydronootkatone, Their Precursors and Derivatives," which invention is the subject of serial number 11/911,217, 35 U.S.C. § 371 date October 11, 2007, which application is the United States national stage of Patent Cooperation Treaty application PCT/US2006/013710, filed April 11, 2006, designating the United States and various other countries that are party to the Patent Cooperation Treaty (Atty. File No. Sauer 02A10W) and claiming the benefit of the priority of United States patent number 7,112,700, application serial number 11/106,338, filed April 14, 2005;

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, each of us has agreed to assign and transfer and does hereby assign and transfer unto the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, its successors and assigns, his or her entire right, title, and interest in and to the said invention, and PCT Application, including all national stage applications corresponding to the PCT Application in the various countries designated or elected in the PCT Application; and in and to any division or continuation of any of the above said applications; and in and to any and all Letters Patent and reissues and extensions thereof, of the United States of America and of all other countries (including the right to apply for Letters Patent in any country in its own name, and to claim any priority rights for such applications to which such applications are entitled under international conventions, treaties, or otherwise; including our respective rights to claim priority from United States patent number 7,112,700, application serial number 11/106,338, filed April 14, 2005); which have been or may be granted on any of the foregoing, to be held and enjoyed as fully and exclusively as they would have been by us had this assignment and transfer not been made.

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such acts as we lawfully may, that may be deemed necessary by the said Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, its successors, assigns, and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;

And we do hereby authorize the Director of the United States Patent and Trademark Office, and any foreign counterpart to the Director, to issue any and all Letters Patent

which may be granted upon any of the said applications, to the said Board of Supervisors of Louisiana State University and Agricultural and Mechanical College as the assignee of the entire interest therein.

In witness whereof, we have hereunto signed our names on the respective dates set forth below.
