ASSIGNMENT

WHEREAS We, Benjamin K. Henderson, Steven Griffin, Joel D. Gussy, Steven A. Lane and Elizabeth L. C. Jensen, while employed by the Government of the United States, made jointly with Jennifer Gruits, Paul W. Alexander, David M. Stevens, Ryan D. Majkrzak and Richard Davies, an invention titled "Passive Magneto-rheological Vibration Isolation System," described in an application for Letters Patent of the United States executed by us on the 6th day of December, 2005; the 7th day of December, 2005; the _____ day of _____, 2005; the 7th day of December, 2005; and the _____ day of _____, 2005, respectively;

WHEREAS, the conditions under which the joint invention was made are such as to entitle the Government under paragraph 1(a) of Executive Order 10096, to our entire right, title and interest therein, including foreign rights; and

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of the premises and other valuable considerations, We, Benjamin K. Henderson, Steven Griffin, Joel D. Gussy, Steven A. Lane and Elizabeth L. C. Jensen, have sold, assigned, and transferred, and by these presents do sell, assign, and transfer unto the Government of the United States, as represented by the Secretary of the Air Force, our entire right, title and interest throughout the world in and to the aforesaid joint invention described in the aforesaid application for Letters Patent of the United States, and any and all applications for patent and patents in any and all countries foreign to the United States, and all Letters Patent issuing thereon and any continuations, continuations-in-part, divisions, and reissues or extensions thereof; and all priority resulting from the filing of the aforesaid application for patent in the United States; We hereby authorize and request any official whose duty it is to issue patents to issue any patent thereon to the United States of America, as represented by the Secretary of the Air Force, and his successors, as assignee of our entire right, title and interest in and to the same, for the sole use for the full term or terms for which said patents and any continuations, continuations-in-part, divisions and reissues or extensions thereof are, or may be, granted as fully and entirely as the same would have been held by us had this Assignment not been made; and We hereby agree to execute any and all applications for Letters Patent, and to furnish all data and documents and to execute any papers that may be necessary or convenient for the preparation, filing, or prosecution of such applications, except it is understood that We shall not be subject to any out-of-pocket expense related to such action.

ASSIGNMENT

Application Title: Passive Magneto-rheological Vibration Isolation Apparatus
 Inventors: Richard K. Davies, Jennifer A. Gruits, Paul W. Alexander, David M. Stevens, and Ryan D. Majkrzak
 Dates Inventors Executed Declaration: _____
 Contractor: _____
 Contract Number: _____
 Contractor's Invention No.: _____
 Air Force Docket No.: PRS097

The undersigned Inventors in recognition of their obligation as employees of the Contractor to assign inventions to the Contractor, and pursuant to the obligations of the Contractor to the Government of the United States under the above contract, hereby assign to the United States of America, as represented by the Secretary of the Air Force, their entire right, title, and interest throughout the world in and to each invention disclosed and claimed in the above U.S. patent application, made jointly with Benjamin K. Henderson, Steven Griffin, Joel D. Gussy, Steven A. Lane, and Elizabeth L. C. Jensen, employees of the United States Government, and any substitution, division, continuation-in-part, or continuation of such patent application, subject to the reservation to the Contractor of any license to which the Contractor may be entitled under the above contract.

The Inventors agree to assist the Contractor and the Government, upon request, by furnishing any available information and documents, performing all acts, and doing all things which may be reasonably necessary to prepare, file and prosecute such applications and make this assignment effective.

The Contractor joins in and agrees to this assignment and, except for the reservation of any license under the above contract, relinquishes and assigns to the United States of America as represented by the Secretary of the Air Force its entire right, title, and interest throughout the world in and to such inventions, and further agrees to furnish to the Government, upon request, any available information and documents necessary for the preparation, filing, and prosecution of such applications, for patent.
