ASSIGNMENT

WHEREAS, Hoseong Kim, whose address is Mokdong Sinsigaji-apt, 110-102, Mok-dong, Yangchun-ku, Seoul, Korea (hereinafter "Assignor"), is the named inventor and owner of U.S. Patent No. 6,772,811 (hereinafter "811 Patent").

WHEREAS, Roger Cleveland Golf Co., Inc., a company established under the laws of California whose address is 5601 Skylab Road, Huntington Beach, California 92647 (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest for the entire world, including the United States, its territories, dependencies and possessions, in and to the 811 Patent, including any and all provisional, non-provisional, divisional, continuation, ancestral (e.g., parent), international, foreign, design, confirmation, substitute, and reissue application(s) or extensions relating to the 811 Patent, as well as any and all foreign counterpart patents and applications, including but not limited to any and all patents and applications claiming priority from the 811 Patent and/or its related applications and any and all patents and applications from which the 811 Patent and/or its related applications claim priority (hereinafter, collectively with the 811 Patent, "Patent Properties").

Now, To All Whom It May Concern: Be it known that for and in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, transferred and set over, and does hereby sell, assign, transfer and set over, unto Assignee, its successors, assigns and legal representatives, the entire right, title and interest for the entire world, including the United States, its territories, dependencies and possessions, in and to the 811 Patent, including any and all provisional, non-provisional, divisional, continuation, ancestral (e.g., parent), international, foreign, design, confirmation, substitute, and reissue application(s) or extensions relating to the 811 Patent, as well as any and all foreign counterpart patents and applications, including but not limited to any and all patents and applications claiming priority from the 811 Patent and/or its related applications and any and all patents and applications from which the 811 Patent and/or its related applications claim priority; the same to be held and enjoyed by Assignee, its successors, assigns and legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made, together with all

claims for damages by reason of past infringement of said Patent Properties with the right to sue for and collect the same for Assignee's own use and for the use of Assignee's successors, assigns and legal representatives.

Assignor agrees that this Assignment is binding on Assignor and his predecessors, successors, heirs, assigns and legal representatives.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue any Letters Patent of the United States (and the appropriate officer of any relevant foreign country to issue any Patent of such country), resulting from said Patent Properties and any confirmations, divisions, continuations, counterparts, reexaminations, reissues or extensions thereof, to Assignee.

Assignor agrees to execute all papers necessary in connection with any interference which may be declared concerning said Patent Properties (and/or patents that may be granted therefrom), or any confirmation, division, continuation, reexamination or reissue thereof, and to cooperate with Assignee in every way possible in obtaining evidence and going forward with such interference.

Assignor covenants that it has full right to convey the interest herein assigned and that it has not executed and will not execute any agreement in conflict herewith.

Assignor agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

Assignor agrees to perform all affirmative acts which may be necessary to obtain, maintain or confirm by reissue or reexamination a grant of a valid United States patent to Assignee.

Assignor grants the firm of OLIFF & BERRIDGE, PLC of Alexandria, Virginia the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office (or other foreign patent office) for recordation of this document.

This Assignment is effective as of the 22 SEP 2008 day of September, 2008.
