ASSIGNMENT

This Assignment is made by Donald A. Lieberman and John J. Nemec, Assignors, to Multichip Technology, Assignee, having a place of business at 2580 Junction Avenue, San Jose, California 95134.

WHEREAS, Assignors have invented a new and useful HIGH PERFORMANCE DYNAMIC MEMORY SYSTEM for which an application for United States Letters Patent Serial No. 07/747,202 was filed on August 16, 1991; and

WHEREAS, Assignors believe themselves to be the original, first and sole inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and of other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign and transfer to Assignee, the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights in which such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee,

its successors and assigns, as to the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the this 29th day of August, 1991.
