CH 11193581 \$40.00

ASSIGNMENT

IN CONSIDERATION OF TEN DOLLARS (\$10.00) cash in hand paid to us by X-Sten, Corp., and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we, Murray D. Solsberg along with Donald Schomer, are joint inventors, ("ASSIGNORS"), having made an invention in **Spinal Ligament Modification**, while in the employ either as an employee or consultant of X-Sten, Corp., a corporation organized and existing under the laws of the State of Delaware, doing business at 2362-D Qume Drive, San Jose, California 95131 (sometimes hereinafter called "ASSIGNEE"), do hereby ASSIGN, SELL and CONVEY to said X-Sten, Corp., its successors and assigns, the entire right, title and interest throughout the world in and to:

1. Said invention in **Spinal Ligament Modification**;
2. United States of America provisional patent application on said invention, Application No. 60/592,099 filed July 29, 2004, entitled **Device for Percutaneous Treatment of Spinal Stenosis**;
3. United States of America patent application on said invention, as Application No. 11/193,581 filed July 29, 2005, Attorney's File No. 2329-00101; entitled **Spinal Ligament Modification**;
4. All applications for patent or like protection on said invention that have now been or may in the future be made by us or our legal representatives, including any continuation, continuation-in-part and any other utility applications that may be based on this invention, whether in the United States of America or any other place anywhere in the world;
5. All patents and like protection that have now been or may in the future be granted on said invention to us or our legal representatives, whether in the United States of America or in any other country or place anywhere in the world;
6. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws and statutes;
7. All rights of action on account of past, present and future unauthorized use of said invention and for infringement of said patents and like protection;

- 8. The right in ASSIGNEE to file in its name applications for patents and like protection for said invention in any country or countries foreign to the United States; and
- 9. All international rights of priority associated with said invention, applications, patents and like protection;

and we covenant that we, and our heirs, legal representatives, assigns, administrators, and executors, will, at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns, the full benefit of this Assignment.

The Assignment from *Murray D. Solsberg* and *Donald Schomer* ("Assignors") to *X-Sten, Inc.* ("Assignee") previously recorded on November 1, 2005 at Reel/Frame 016711/0084 incorrectly named the Assignee and thus that assignment is null and void.

CONFIRMATORY PATENT ASSIGNMENT

Docket Number 36930-703

WHEREAS, the undersigned:
SOLSBERG, MURRAY DAVID
15 Huntwick Lane
Englewood, CO

(hereinafter "Inventor"), has invented certain new and useful improvements in the inventions identified by the Title, Application No., and Filing Date in **APPENDIX A**, such applications having been filed in the United States Patent & Trademark Office (hereinafter "Application(s)").

WHEREAS, Inventor previously executed one or more Assignments of the invention for said Application(s) as indicated in **APPENDIX A**, said previously executed Assignments erroneously identified the Assignee as either **X-Sten, Inc.**, a Delaware Corporation, or **X-Sten, Corp.**, a Delaware Corporation.

WHEREAS, Inventor intended the previously executed one or more Assignments of the invention for said Application(s) as indicated in **APPENDIX A** to be assigned to **X-Sten Corp.**, a Delaware Corporation, at the time of execution of the earliest Assignment.

WHEREAS, the previous assignments sought to be corrected were recorded at the Reel/Frames identified in **APPENDIX A**.

WHEREAS, **X-Sten Corp.**, a corporation of the State of Delaware, having a place of business at 2362 Qume Drive, San Jose CA 95131, (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest in and to said Application(s) and the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived, made or discovered, whether jointly or severally, by said Inventor(s) (hereinafter collectively referred to as "Inventions"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter "Patent(s)") thereon granted in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventor to have been received in full from said Assignee:

1. Said Inventor does hereby sell, assign, transfer and convey unto said Assignee the entire right, title and interest (a) in and to said Inventions, including the right to claim priority to said Inventions; (b) in and to all rights to all United States and corresponding non-United States patent applications and Patent(s), including those filed under the Paris Convention for the Protection of Industrial Property, The Patent Cooperation Treaty or otherwise; (c) in and to any and all applications filed and any and all Patent(s) granted on said Inventions in the United States, in any foreign country, or under any international convention, agreement, protocol, or treaty, including each and every application filed and any and all Patent(s) granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said Application(s); and (d) in and to each and every reissue, reexamination, or extensions of any of said Patent(s).

2. Said Inventor hereby covenants and agrees to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty. Such cooperation by said Inventor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any applications covering said Inventions; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Inventions; (d) for filing and prosecuting applications for reissuance of any said Patent(s); (e) for interference or other priority proceedings involving said Inventions; and (f) for legal proceedings involving said Inventions and any applications therefor and any Patent(s) granted thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor(s) in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor(s), their respective heirs, legal representatives and assigns.

4. Said Inventor hereby warrants and represents that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. Said Inventor hereby requests that any Patent(s) issuing in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty, be issued in the name of the Assignee, or its successors and assigns, for the sole use of said Assignee, its successors, legal representatives and assigns.

CONFIRMATORY PATENT ASSIGNMENT

Docket Number 36930-703

IN WITNESS WHEREOF, said Inventor has executed and delivered this instrument to said Assignee and further intends that the execution date of this instrument shall have an effective date as to each Application(s) identified in **APPENDIX A** which corresponds to the date of the earliest prior executed Assignment as identified in **APPENDIX A**.
