ASSIGNMENT

WHEREAS, Paul A. Littrell, Wanda K. Beard and David L. Gilbert, residing at 5723 Fox Mill Run, Fort Wayne, Indiana 46835; 725 N. 250 W, Angola, Indiana 46703 and 1100 Blackthorn Cove, Fort Wayne, Indiana 46804, respectively (hereinafter referred to as Assignors), have invented certain new and useful improvements in **BOLT SEAL** for which an application for United States Letters Patent was filed on May 4, 2006, assigned Serial No. 29/259,171, and issued on August 7, 2007 as United States Patent No. D548041.

WHEREAS, the Assignors previously executed an incorrect assignment (hereinafter referred to as the Prior Incorrect Assignment) on March 19, 2007, to TydenBrammall, an alleged corporation of the State of Indiana. Said Prior Incorrect Assignment was recorded in the Patent Office at reel 019031, frame 0024, and inadvertently assigned title to TydenBrammall, which is not a corporation but rather is the name under which the corporation Brammall, Inc. does business. The Prior Incorrect Assignment is therefore null and void.

WHEREAS, Brammall, Inc., a corporation of the State of Indiana having a place of business at 409 Hoosier Dr., Angola, Indiana 46703 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to said invention and in and to any Letters Patent that may be granted therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable considerations, Assignors hereby sell, assign and transfer unto said Assignee the full and exclusive right, title and interest to the said invention in the United States and in all foreign countries and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and in any and all foreign countries and in and to any and all divisions, reissues, continuations, continuation-in-part, and extensions thereof including the full right to claim for any such applications the benefits of the International Convention. Assignors hereby confirm that title to the invention is being transferred to Brammall, Inc.

Assignors hereby authorize and request the Patent Office Officials in the United States and in any and all foreign countries to issue any and all of said Letters Patent, when granted, to said Assignee as the owner of the entire right, title and interest in and to the same, for the sole use and behoof of said Assignee, its successors and assigns.

FURTHER, Assignors agree to communicate to said Assignee or its representatives any facts known to Assignors respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said Assignee, make all rightful oaths and generally do everything possible to aid said Assignee, its successors and assigns, to obtain and enforce proper protection for said invention in the United States and in any and all foreign countries.
