PATENT ASSIGNMENT

WHEREAS, Michael Collins, an individual residing at 7200 Pine Cove, Blanchard, Oklahoma ("COLLINS"), owns the entire right, title and interest in and to U.S. Patent No. D412,275 entitled Folding Knife, which was issued July 27, 1999, and the entire right, title and interest in and to all inventions disclosed therein (collectively, the "Patent"); and

WHEREAS, Exclusive Development, LLC, a Missouri limited liability company having offices at 10890 Mulberry Drive, Foristell, Missouri 63348 ("EDLLC"), is desirous of acquiring all of COLLINS' right, title and interest in and to the Patent pursuant to a Assignment and Design Agreement between COLLINS and EDLLC dated September 19, 2008.

NOW THEREFORE, in consideration of these premises, the covenants and obligations set forth below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. COLLINS has sold, assigned and transferred, and hereby does, sell, assign and transfer unto EDLLC the entire right, title and interest in and to the Patent, including priority rights, together with the right to sue for, and recover for, any past infringements thereof, to be held and enjoyed by EDLLC, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by COLLINS had no sale and assignment of said Patent been made.
2. COLLINS shall perform any affirmative acts and execute all further documents reasonably necessary to vest in EDLLC all rights under the Patent, whereby said Patent will be held and enjoyed by EDLLC, to the full end of its term, as fully and entirely as the same would have been held and enjoyed by COLLINS had no sale and assignment of the Patent been made.
3. In the event that EDLLC is unable for any reason to secure the signature of COLLINS or a duly authorized representative of COLLINS for any such further documents, COLLINS hereby irrevocably designates and appoints EDLLC and EDLLC's duly authorized officers and agents as COLLINS' agents and attorneys-in-fact to act for and on COLLINS' behalf and instead of COLLINS: (i) to execute and file any documentation required for enforcement of the Patent, and (ii) to do all other lawfully permitted acts to carry out the intent of this Patent Assignment and to further the enforcement of said assigned right, title and interest, all with the same legal force and effect as if executed by COLLINS.

IN WITNESS WHEREOF, the undersigned has caused its duly authorized representative to execute this assignment as of the 6 day of October 2008.
