## PATENT AND INVENTION ASSIGNMENT

WHEREAS, the undersigned, Joseph Reithmeyer, a citizen of the United States of America, residing at 1093 Indian Trail South, Afton, Minnesota 55001 ("**Assignor**") has invented certain inventions, discoveries, and improvements disclosed in United States Patent Number 7,255,375 entitled **REACH OUT LOCK**, which patent was issued by the United States Patent and Trademark Office on August 14, 2007 (hereinafter the "**Patent**"); and

WHEREAS, it is agreed that Andersen Corporation, a Corporation of the State of Minnesota having a principal place of business at 100 Fourth Avenue North, Bayport, Minnesota 55003 ("**Andersen Corporation**") is entitled to and/or is desirous of acquiring all of **Assignor's** right, title, and interest related to the **Patent** and in and to the inventions, discoveries, and improvements disclosed therein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Assignor**, by this presents, does sell, assign, and transfer unto **Andersen Corporation**, his full, exclusive, and entire right, title, and interest: (i) in and to all inventions, discoveries, and improvements disclosed and described in the **Patent**, (ii) in and to the **Patent**, (iii) in and to all divisional, continuation, and continuation-in-part applications describing in whole or in part the said inventions, discoveries, and improvements, preparatory to obtaining Patents of the United States therefor, (iv) in and to all patents of the United States that may be granted on any of the foregoing, and all reissues and extensions thereof, (v) in and to any provisional patent applications filed in the United States describing in whole or in part the said inventions, discoveries, and improvements, from which priority may be claimed under Title 35 of the United States Code, and (vi) in and to the right to claim any applicable foreign and domestic priority rights arising from the **Patent** and from any of the aforementioned patent applications; and **Assignor** does hereby request the Commissioner of Patents to issue any and all Patents of the United States resulting from said applications, or from a division, continuation, continuation-in-part, or reissue thereof, to **Andersen Corporation** as Assignee, for its interest and for the sole use and behoof of **Andersen Corporation** and its assigns and legal representatives;

For the same consideration, **Assignor**, by this presents does sell, assign, and transfer to **Andersen Corporation** his full, exclusive, and entire right, title, and interest in and to any and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, inventors' certificates, and designs filed or which are hereafter filed in countries foreign to the United States (the "**Foreign Applications**") and describing in whole or in part the said inventions, discoveries, and improvements, in and to any Patents and similar protective rights granted on said **Foreign**

**Applications**, and in and to the right to file such applications and the right to claim any applicable priority rights arising from or required for said **Foreign Applications** under the terms of any applicable conventions, treaties, statutes, or regulations; said Foreign Applications to be filed and issued in the name of **Andersen Corporation** or its respective designees, insofar as permitted by applicable law;

And, for the same consideration, **Assignor** agrees to communicate to **Andersen Corporation**, its successors, legal representatives, and assigns, any facts known to **Assignor** respecting said inventions, discoveries, and improvements, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue, and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **Andersen Corporation**, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions, discoveries, and improvements in all countries throughout the world.
