EXECUTION COPY

**ASSIGNMENT OF PATENTS**

This Assignment of Patents ("Assignment") is made this \_\_\_ day of \_\_\_\_\_ 2008 by and between Bristol-Myers Squibb Company, a Delaware corporation, having an address at 345 Park Avenue, New York, NY 10154 ("BMS"), ConvaTec, Inc., a Delaware corporation, having an address at 100 Headquarters Park Drive, Skillman, NJ 08558 ("ConvaTec") (collectively, "Assignors"), and ConvaTec Technologies Inc., a Nevada Sub-Chapter C corporation, having an address at 6100 Neil Road, Suite 500, Reno, Nevada 89511 ("Assignee") (collectively, "Parties").

W I T N E S S E T H

WHEREAS, BMS and ConvaTec wish to assign all right, title and interest in and to the United States Patents and applications listed in Schedule A to Assignee;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Assignors hereby assign, transfer and set over unto Assignee their entire right, title and interest in and to the United States patent applications and patents contained in Schedule A attached hereto and any patents which may be issued and/or granted thereon, and including all patents and patent applications arising from all divisions, continuations, reissues and reexamination certificates and extensions thereof, including any actions, claims and demands whatsoever, known or unknown, that Assignors may have had thereunder prior to the date of this Assignment, the same to be held and enjoyed by Assignee for its own use and benefit and for its successors, assigns, and legal representatives, to the full end of the term for which each of said patents are or may hereafter be granted as fully and entirely as the same would have been held by Assignors had this Assignment not been made. This Assignment includes the grant by the Assignors to the Assignee of the right to claim priority for the applications

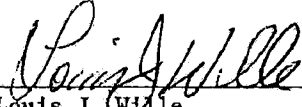

contained in Schedule A under the International Convention for the Protection of Industrial Property and under any other international agreement to which the United States of America is or hereafter becomes a signatory.

2. The Assignors hereby authorize the division of the information provided in Schedule A by the Assignee in order to facilitate the conveyance, transfer and assignment, consolidation, vesting and recording in Assignee, full ownership of the patent applications and patents contained in Schedule A attached hereto.
3. All questions concerning the construction, validity and interpretation of this Assignment and the performance of the obligations imposed by this Assignment shall be governed by the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflict of laws.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed by its duly authorized officer on the date first above written.
