ASSIGNMENT

We, identified below as "Inventors," have made certain new and useful improvements in an invention ("Invention"), as set forth in an application for United States Letters Patent executed by us or otherwise in which we are inventors and bearing the following title and Attorney Docket No. and for which the Attorney of Record is hereby authorized to insert the serial number and filing date when ascribed:

Title: AUTOMATED SURFACE COVERING REMOVAL MACHINE

Application Number: 12/255392 Filing Date: 10/21/08 Atty. Docket No. 5334-00005

For good and valuable consideration, we do hereby sell, assign, and transfer to TBD², Inc., as owner ("Assignee"), to its legal representatives, successors, and assigns, our entire right, title, and interest in and to the Invention and to all United States and foreign patent applications thereon, together with all patents resulting from such applications, including any continuations, divisions, reissues, and re-examinations thereof. Assignee shall hold such right, title, and interest as fully and completely as it would have been held by us had this assignment and sale not been made. TBD² Inc. is a corporation organized under the laws of the State of Wisconsin, and located and doing business at 1424 Dewey Street, Manitowoc, Wisconsin 54220.

We agree, upon Assignee's request, to execute or assent to such United States and foreign patent applications and to execute all separate assignments and other legal documents that Assignee may find necessary or desirable in its exercise of the right, title, and interest assigned above. We also agree to communicate to Assignee any facts relating to the Invention or to any of the patent applications or patents contemplated above that may be useful to Assignee and to testify as to such facts in any interferences or in litigation, if requested to do so. We shall do all these things without additional compensation but at no expense to us.

We hereby request the Commissioner of Patents to issue to Assignee, as the owner of our entire right, title, and interest therein, any Letters Patent of the United States that may be issued for the Invention.

Inventor: 
Daniel J. Van Straten
