ASSIGNMENT

WHEREAS, We, the below named inventors, have made an invention entitled:

COGNITIVE WIRELESS SYSTEM

and

WHEREAS

In Motion Technology Inc.	
Jurisdiction	British Columbia, Canada
Address	625 Agnes Street, Suite-350, New Westminster, British Columbia, Canada V3M 5Y4

(it, and when applicable, its successors and assigns, are referred to as "Assignee")

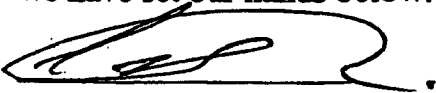

is desirous of securing the entire worldwide right, title and interest in and to this invention, and in and to any application(s) for patent therefor (including a patent application executed on October 16, 2008).

NOW, THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, We, each as assignor, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto Assignee, our entire worldwide right, title, and interest in this invention, and to all patent applications thereof that are pending or may be filed, and all divisionals, continuations, and related applications thereof, and all patents of the United States of America, of Canada and elsewhere worldwide that may be granted thereon, and all reissues and extensions thereof; and We hereby authorize and request the Commissioner of Patents of the United States of America, of Canada and elsewhere worldwide, however such government agency is identified, to issue all patents for this invention to Assignee.

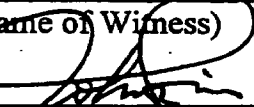

AND, WE HEREBY further covenant and agree that We will (individually and collectively), without further consideration but at no expense: timely communicate with Assignee, any facts known to any of us respecting this invention and relevant prior art information; testify in any proceedings concerning this invention; make all rightful oaths and sign all lawful papers when called upon to do so, including the execution of all papers that may be necessary or desirable to perfect the title to this invention in Assignee; execute all divisional, continuation, reissue or related patent applications for this invention; and generally perform all reasonable steps for Assignee to obtain and enforce patent protection for this invention in the United States of America, in Canada and elsewhere worldwide.

AND, WE HEREBY (individually and collectively) acknowledge the duty imposed upon us by applicable Patent Offices (including the United States Patent and Trademark Office) in respect of prior art information that is material to the patentability of application(s) pending therein.

IN TESTIMONY HEREOF, this Assignment has been accepted and signed by the Assignee, and we have set our hands below.
