Assignment Agreement

This Patent Assignment is made by and between Sigma Communications, LLC, having its principle place of business at 6720 Parkdale Place, Indianapolis, IN 46254-4608, ("Assignee") and the following inventors of the invention embodied in United States Patent Application Serial No. 10/348,693 (the "Invention"):

Timothy Francis McWilliams of Melbourne, Florida; William Guy Alcock of Indianatlantic, Florida; and Kenneth Martin Vitardebo of Seaside Beach, Florida (collectively, the "Inventors") this ____ day of February, 2006.

WHEREAS, the above-identified Assignee desires to acquire the entire interest in, to and under the invention, for which, as indicated above, a patent application executed of even date is attached or was filed on the date and assigned the serial number specified above, and in, to and under Letters Patent or similar legal protection to be obtained therefore in the United States and in any and all foreign countries.

NOW THEREFORE, TO ALL WHOM IT MAY CONCERN:

Be it known that for the sum of \$3,000.00, payable upon execution of this Agreement to the Inventors, the receipt of which shall be deemed accepted upon receipt by James Bousse, Esq. of 390 North Orange Ave, Suite 2500, Orlando, FL as escrow agent, and by which the sufficiency is hereby acknowledged, the above-identified Inventors hereby sell, assign and transfer to the above-identified Assignee the full and exclusive right, title and interest to said invention in the United States and its territorial possessions and in all foreign countries, including Canada, and to all Letters Patent or similar legal protection in the United States and its territorial possessions and in any and all foreign countries, including Canada, to be obtained for said invention by said application or any continuation, division, renewal, continuation in part, substitute or reissue thereof or any legal equivalent thereof in a foreign country for the full term or terms for which same may be granted.

Inventors hereby covenant that no assignment, sale, agreement, license or encumbrance has been or will be made or entered into which would conflict with this assignment and sale, and Inventors further covenant that they are the sole Inventors having full right and authority to surrender all rights in the invention.

Inventor further covenants that Assignee will, upon Assignee's request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent and legal equivalents in foreign countries as may be known and accessible to Inventor and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its designee any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, said invention and said Letters patent and said equivalents thereof in any foreign country which may be necessary or desirable to carry out the purposes hereof. Assignee's damages related to this Agreement shall be limited solely to the consideration to be paid under this Agreement.

This Agreement shall be governed by the laws of the State of Indiana (excluding its choice of law provisions), and any disputes hereunder shall be brought and maintained in the state and federal courts situated in Marion County, Indiana. The Parties hereby agree to personal jurisdiction and venue therein, and waive any objection thereto. This Agreement sets forth the entire agreement between the parties. No amendment or modification of this Agreement shall be made except by a writing signed by both parties. This agreement may be executed in counterparts, allowing without affecting the enforceability thereof. This offer shall be rescinded if not executed by each of the Inventors by February 23, 2006.

IN WITNESS WHEREOF, the following hereby set their hand and seal.
