### Assignment of Patent Rights

For good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned, hereby:

sells, assigns, and transfers to Engineering Science Analysis Corporation, an Arizona corporation having a place of business at 6105 S. Ash, Suite A3, Tempe, Arizona, 85283 ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest in the United States and all foreign countries, in and to United States Patent Application No. 12/185,947 titled "Non-lethal Restraint Device with Diverse Deployability Applications" filed on August 5, 2008; in and to any and all inventions and improvements that are disclosed therein; in and to all original and reissued patents that have been or shall be issued in the United States and all foreign countries based upon United States Patent Application No. 12/185,947; and in and to all divisional, continuing, substitute, renewal, reissue, and all other patent applications that have been or shall be filed in the United States and all foreign countries that are based upon United States Patent Application No. 12/185,947;

agrees that said Assignee may apply for and receive a patent or patents for said inventions and improvements in its own name, where permitted; and that, at the expense of Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions and improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said inventions and improvements and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said inventions and improvements and for vesting title to said inventions and improvements, and all applications for patents and all patents on said inventions and improvements, in said Assignee, its successors, assigns, and legal representatives; and

covenants with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
