INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment (this "Assignment") dated July 31, 2008 is executed and delivered by SigmaTel, Inc., a Delaware corporation ("Seller"), to Conexant Systems, Inc., a Delaware corporation ("Buyer"). All capitalized words and terms used in this Assignment and not defined herein shall have the respective meanings ascribed to them in the Asset Purchase Agreement (the "Agreement") dated July 7, 2008 by and among Seller, Buyer and Freescale Semiconductor, Inc., a Delaware corporation ("Shareholder").

WHEREAS, pursuant to the Agreement, Seller, Shareholder and their Subsidiaries (collectively, the "Seller Parties") desires to sell to Buyer, and Buyer desires to purchase from the Seller Parties, the Owned IP Rights that are not Excluded Assets (the "Transferred IP"), which include certain issued patents and patent applications listed on Schedule A hereto and all existing and future patents and patent applications entitled to a common priority date (in whole or in part) with such listed patents and patent applications (all of the foregoing, collectively, the "Patents"), and certain trademarks and applications and registrations therefor (the "Trademarks") listed on Schedule B hereto, upon the terms and subject to the conditions set forth therein;

NOW, THEREFORE, in consideration of the mutual promises set forth in the Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Seller Parties hereby agree as follows:

1. The Seller, Shareholder and its/their subsidiaries, as the case may be, hereby sells, transfers, conveys, assigns and delivers to Buyer, its successors and assigns, to have and to hold forever, all of their right, title and interest in, to and under all of the Transferred IP (including, without limitation, the Patents and the Trademarks), including the right to sue for past, present and future infringements or misappropriations thereof.
2. Seller hereby requests and authorizes the Commissioner of Patents and Trademarks of the United States of America and any official of any jurisdiction or territory whose duty it is to issue patents and/or trademark registrations, to issue, grant, renew or extend any patent or trademark registration relating to the Patents or the Trademarks to Buyer or its designee in accordance with the terms of this Assignment.
3. Seller hereby covenants and agrees that it will, at the request of Buyer execute and deliver, and will cause its employees to execute and deliver, such other instruments of sale, transfer, conveyance and assignment, and take such other action, as may reasonably be necessary to more effectively sell, transfer, convey, assign and deliver to, and vest in, Buyer, its successors and assigns the Transferred IP hereby sold, transferred, conveyed, assigned and delivered, or intended so to be, in accordance with the terms and conditions of the Agreement and to carry out the purpose and intent of the Agreement.
4. Seller, by its execution of this Assignment, and Buyer, by its acceptance of this Assignment, each hereby acknowledges and agrees that neither the representations and warranties nor the rights, remedies or obligations of any party under the Agreement shall be deemed to be enlarged, modified or altered in any way by this instrument.

5. This Assignment shall be construed under and in accordance with the laws of the State of New York.

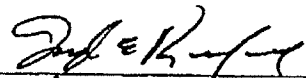

6. Seller shall deliver to Buyer (either directly, or through its counsel) a complete copy of each file wrapper, and docket, for each Patent and Trademark constituting Transferred IP for which a filing has been made with the Commissioner of Patents and Trademarks of the United States of America (or any other similar governmental agency in any non-U.S. jurisdiction). The docket shall be delivered upon Closing. The file wrappers shall be delivered within two (2) business days after Closing.

7. On and after the Closing Date, upon request of Buyer (or its legal counsel), Seller and Shareholder shall use commercially reasonable efforts to make available to Buyer (or its legal counsel), at Buyer's expense (with respect to external costs, but without reimbursement for inventor salaries paid by Seller, Shareholder or their Subsidiaries), any inventors of the Patents who remain employed by Seller, Shareholder or their respective Subsidiaries at the time of such request, to assist Buyer in connection with filing, prosecuting and/or defending against challenges to, applicable Patents constituting Transferred IP.
