CORRECTIVE ASSIGNMENT

We, Craig W. Smith and Joseph Donaldson, have made an invention in CARPENTER'S PENCIL SHARPENER, U.S. Patent Application Serial No. 10/701,810 filed on November 5, 2003, which U.S. Application we assigned to Penshar LLC of 1025 Knox Lane, Batavia, Illinois 60510, by executing an assignment prepared for our signature, and which assignment was recorded along with a Recordation Form Cover Sheet in the United States Patent and Trademark Office on November 5, 2003 at Reel 014679, Frame 0787.

The above-mentioned assignment was not properly prepared, wherein the proper legal entity to which the assignment should be made is to Flade LLC.

Now, therefore, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we assign to Assignee, all right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, and continuations-in-part thereof; and we authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention insofar as my interest is concerned, to Assignee.

We also assign to Assignee, all right, title and interest in and to the invention disclosed in said application throughout the world, including the right to file applications for and obtain patents, utility models, industrial models and designs for said invention in Flade LLC's own name throughout the world including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

We will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, we will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
