**TRANSMITTAL OF CORRECTIVE ASSIGNMENT**

Dear Sir:

The assignee of the above-captioned application seeks to correct a typographical error in the assignment recorded in connection with the above-identified application. To that end, and in accordance with MPEP 323, attached hereto for recordation are:

1. a copy of the original assignment with the correction made thereon -- wherein such correction is initialed and dated by the assignor;
2. a copy of the original Recordation Form Cover Sheet; and
3. a new Recordation Form Cover Sheet, identifying the submission as a "corrective document" and indicating the reel and frame number where the original recorded assignment document appears.

Notably, the undersigned is the attorney of record as well as the signatory of the new Recordation Form Cover Sheet.

In accordance with MPEP 323, the undersigned hereby states that the information provided on the new Recordation Form Cover Sheet is true and correct and that any copy submitted is a true copy of the original document.

Respectfully submitted,

Date: November 20, 2008

**ASSIGNMENT**  
(Docket No. 211.017-US)

Inventors: **Gregory Allan Popoff**  
**Paul de Champs**  
**Hamid Daghighian**

Serial No.: **11/590,147**

Filing Date: **October 31, 2006**

Title: **Method and Apparatus for Varying the Programming Duration and/or Voltage of an Electrically Floating Body Transistor, and Memory Cell Array Implementing Same**

I, the undersigned, for good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, hereby assign to:

*Innovative Silicon ISI SA P.D.C. 9/25/2008*  
**Innovative Silicon S.A.**

its successors and assigns, the entire right, title and interest in the inventions and/or improvements of the undersigned disclosed in the above-referenced application for Letters Patent of the United States, and in said application and any and all other applications, both United States and foreign, which may be filed, either solely or jointly with others, on said inventions and/or improvements, and in any and all patents of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assign to said assignee the priority right provided by the International Convention.

I, the undersigned, hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patents to said assignee.

I, the undersigned, warrant that there are no outstanding prior assignments, licenses, or other encumbrances on the interests herein assigned.

I, the undersigned, for said considerations hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said inventions and/or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any patents that may be granted on said application and any and all applications and other documents for patents in foreign countries on said inventions and/or improvements, that said assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorize said assignee to apply for patents for said inventions and/or improvements in its own name in such countries where such procedure is proper and further agree, upon the request of said assignee, its successors and assigns, to cooperate to the best of the ability of the undersigned with said assignee, its successors

and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain said patents, both United States and foreign, and vest all rights therein hereby conveyed in the assignee, its successors and assigns, whereby all said patents will be held and enjoyed by the said assignee, its successors and assigns, to the full end of the term for which said patents will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

Date: 16 November 2006
