Assignor represents, warrants and covenants that:

(1) Richard Marshack is the duly appointed and authorized Trustee of Morpho Technologies, Inc. and as such has the authority required to enter into the Letter Agreement between Assignor and Assignee dated as of September 8, 2008, and to carry out its obligations hereunder, including the assignment of the Patent Rights to Assignee; and

(2) To the best of Assignor's knowledge, formed after reasonable inquiry and investigation, Assignor owns all right, title, and interest to the Patent Rights, including, without limitation, all right, title, and interest to sue for infringement of the Patent Rights. By this document, Assignor transfers all such rights to Assignee. To the best of Assignor's knowledge, formed after reasonable inquiry and investigation, Assignor has obtained and properly recorded previously executed assignments for the Patent Rights as necessary to fully perfect its rights and title therein in accordance with governing law and regulations in each respective jurisdiction. The Patent Rights are free and clear of all liens, claims, mortgages, security interests or other encumbrances, and restrictions. To the best of Assignor's knowledge, formed after reasonable inquiry and investigation, there are no actions, suits, investigations, claims or proceedings threatened, pending or in progress relating in any way to the Patent Rights. To the best of Assignor's knowledge, formed after reasonable inquiry and investigation, there are no existing contracts, agreements, options, commitments, proposals, bids, offers, or rights with, to, or in any person to acquire any of the Patent Rights.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

Assignor will, at the reasonable request of Assignee and without demanding any further consideration therefore, do all things necessary, proper, or advisable, including without limitation, the execution, acknowledgment, and recordation of specific assignments, oaths, declarations, and other documents on a country-by-country basis, to assist Assignee in obtaining, perfecting, sustaining, and/or enforcing the Patent Rights. Such assistance will include providing, and obtaining from the respective inventors, prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, powers of attorney, specifications, declarations or other papers, and other assistance reasonably necessary for filing patent applications, complying with any duty of disclosure, and conducting prosecution, reexamination, reissue, interference or other priority proceedings, opposition proceedings, cancellation proceedings, public use proceedings, infringement or other court actions and the like with respect to the Patent Rights.

The terms and conditions of this Assignment of Patent Rights will inure to the benefit of Assignee, its successors, assigns, and other legal representatives and will be binding upon Assignor, its successors, assigns, and other legal representatives.

IN WITNESS WHEREOF this Assignment of Patent Rights is executed at _____
on _____.
