ASSIGNMENT

WHEREAS: By way or written assignment dated June 12, 2002, SER SoftTech GmbH (registered company HR2683, Neustadt/Wied, Germany) ("Old SER Techco") sold and assigned all the right, title and interest in certain Intellectual Property assets to SER Technology Deutschland GmbH (registered company HRB4476, Neustadt/Wied, Germany) ("New SER Techco");

WHEREAS: New SER Techco wishes to sell and assign all rights in such Intellectual Property assets to SER Solutions, Inc., a Virginia corporation ("SER Solutions");

WHEREAS: SER Solutions wishes to acquire from New SER Techco all rights in such Intellectual Property assets;

THEREFORE: for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. New SER Techco hereby sells and assigns to SER Solutions, its successors, assignees and legal representatives all the right, title and interest in:
 - (a) Patent Applications as listed in Attachment A including all corresponding international and national phase applications, and continuation, continuation-in-part, divisional, reexamination, and reissue applications ("Assigned Patents");
 - (b) Trademarks and Trademark Applications as listed in Attachment B ("Assigned Trademarks"); and
 - (c) All copyrights in both published works and unpublished works, including without limitation all software, source code, object code, firmware and related documentation; all rights in mask works; and all know-how, software, technical information, data, process technology, plans, drawings, and blue prints, relating to any of the assets described in Paragraphs (a) and (b) above ("Assigned Property Rights").
2. SER Solutions hereby accepts this sale and assignment;
3. This Assignment and all issues relating to the ownership of the Assigned Patents, Assigned Trademarks, and Assigned Property Rights, shall be governed, construed and interpreted according to the laws of the Commonwealth of Virginia, without regard to the conflicts of law rules thereof.
 - (a) Each of the parties hereto, in respect of itself and its properties, agrees to be subject to (and hereby irrevocably submits to) the nonexclusive jurisdiction of any United States federal court sitting in Virginia or any Virginia state court in respect of any suit, action or proceeding arising out of or relating to this Assignment or the transactions contemplated herein, and irrevocably agrees that all claims in respect of any such suit, action or proceeding may be heard and determined in any such court.

Assignment of Intellectual Property Rights

SER Technology Deutschland GmbH ("New SER Techco") to SER Solutions, Inc.

Page -2-

- (b) Each of the parties hereto irrevocably waives, to the fullest extent it may effectively do so under applicable Law, any objection to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum.
- (c) Each party hereto may make service on any other party by sending or delivering a copy of the process to the party to be served at the address listed below. In addition, each of the parties hereby irrevocably designates, appoints, and empowers CT Corporation System, at 111 - 8th Avenue, New York, New York, 10011, or such other address where such representative office may be located in New York City, and its successors and assigns, as its true and lawful agent for service of process to receive and accept on its behalf service of process in any actions, suits or proceedings arising out of or relating to this Agreement or the transaction contemplated hereby. The parties agree that the failure of such process agent to give any notice of any service of process to it shall not impair or affect the validity of service upon such agent or of any judgment based thereon. Each party shall be responsible for its respective fees and expenses payable to CT Corporation System.
- (d) Nothing in this Assignment, however, shall affect the right of any party to bring any action or proceeding arising out of or relating to this Assignment in any other court or to serve legal process in any other manner permitted by Law or in equity.
