ASSIGNMENT OF PATENTS

THIS ASSIGNMENT OF PATENTS (this "*Assignment*"), dated as of November 20, 2008, is entered into by and between Orthovert, Inc., a Delaware corporation ("*Assignor*"), for the benefit of Tornier, Inc., a Delaware corporation ("*Assignee*").

WHEREAS, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the patents, patent applications, patent disclosures and related patent rights which are set forth on Exhibit A attached hereto.

NOW, THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment of Patents by Assignor. Assignor hereby sells, assigns, conveys, sets over and transfers to Assignee, its successors and assigns all of Assignor's entire right, title and interest in and to the Patents, and any and all applications for patent and patents issuing therefrom in any and all countries of the world, including all divisions, continuations, re-examinations, or reissues, and extensions thereof, and all rights of priority resulting from the filing in the United States of the respective applications for said Patents identified above, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms for which the Patents are or may be granted or reissued as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment and sale had not been made; together with all claims for damages by reason of past infringements of the Patents including without limitation provisional rights thereto with the right to sue for and collect the same for its own use and benefit, and for the use and on behalf of its successors, assigns and other legal representatives.

2. Other. Assignor agrees that upon Assignee's request it will sign all lawful papers, make all rightful oaths, and generally do everything reasonably requested by Assignee to aid Assignee, its successors, assigns and nominees to obtain, maintain, and enforce patent protection in any country for the inventions set forth in the Patents.
