Whited**, residing at 304 South Road, Belmont, California 94002, have invented certain new and useful improvements which are disclosed in **Perhydrolase**, and have executed an application for United States Letters Patent that was filed on May 30, 2006, identified as United States Serial No. 10/581,014; and

WHEREAS, **Danisco US Inc., Genencor Division**, a corporation organized and existing under and by virtue of the laws of the State of Delaware, having its principal place of business at 925 Page Mill Road, Palo Alto, CA 94304-1013 (hereinafter termed "Assignee"), and **The Procter & Gamble Company** a corporation organized and existing under and by virtue of the laws of the State of Ohio, having its principal place of business at One Procter & Gamble Plaza, Cincinnati, Ohio 45202 (hereinafter termed "Assignee"), are desirous of acquiring the entire right, title and interest in the application and the inventions disclosed therein, and to all embodiments of the inventions, that were conceived, made or discovered (hereinafter termed "inventions"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, be it known by all whom it may concern:

That for good and valuable consideration the receipt of which is hereby acknowledged, the Inventors have and do hereby sell, assign, transfer and convey unto **Danisco US Inc., Genencor Division**, and **The Procter & Gamble Company**, its successors and assigns, the entire right, title and interest (a) in and to the application and the inventions; (b) in and to all

rights to apply for foreign patents on the inventions (c) in and to all applications filed and all patents granted on the inventions in the United States or any foreign country, including every application and every patent granted on any application which is a divisional, substitution, or continuation of the applications; and (d) in and to every reissue or extensions of any patents.

The Inventors hereby covenant and agree to cooperate with **Danisco US Inc., Genencor Division and The Procter & Gamble Company** to enable **Danisco US Inc., Genencor Division and The Procter & Gamble Company** to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by the Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers and other assistance, all to the extent deemed necessary or desirable by **Danisco US Inc., Genencor Division and The Procter & Gamble Company** for (a) perfecting the right, title and interest herein conveyed, (b) prosecuting any of the applications, (c) filing and prosecuting, substitute, divisional, continuing or additional applications covering the inventions; (d) for interference or other priority proceedings involving the invention, and (e) legal proceedings involving the inventions and any applications therefor and any patents granted thereon, including without limitation, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions, provided, however, that the expense incurred by the Inventors in providing such cooperation shall be paid for by **Danisco US Inc., Genencor Division and The Procter & Gamble Company**.

The terms and covenants of this Assignment shall inure to the benefit of **Danisco US Inc., Genencor Division and The Procter & Gamble Company**, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

The Inventors hereby warrant and represent that they have not entered and will not enter into any assignment, contract or understanding in conflict herewith.
