**ASSIGNMENT**

**WHEREAS**, I, an inventor of residence as listed, or joint inventor if more than one inventor as identified herewith (hereinafter referred to, whether one or more inventors, as "ASSIGNOR(S)"), have invented certain new and useful improvements, as entitled and represented below,

**SPRING LOADED GEAR BOLT ASSEMBLY  
AND METHOD**

for which one or more patent applications is made or will be made, including those filed as a United States Patent Application for United States Letters Patents, an International Patent Application via the Patent Cooperation Treaty, or a foreign patent application in a country other than the United States, and

**WHEREAS**, Williams-Pyro, Inc. (hereinafter referred to as "ASSIGNEE"), a Corporation, having its principal place of business at 200 Greenleaf Street, Fort Worth, Texas 76107-1471, United States, will acquire the entire right, title and interest in and to said invention(s), and in and to such application(s) and any Letters Patent(s) that may issue thereon, rely thereon, or claim priority therefrom;

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR(S) assign to ASSIGNEE, all right, title and interest in and to said invention(s), in and to said application, all patent applications that may claim priority therefrom or rely thereon, all patents which may be granted therefor, or which may claim priority therefrom or rely thereon, including all divisions, continuations, continuations-in-part, reissues, reexaminations, and extensions and improvement thereof, and all related materials or discoveries, whether in tangible or intangible form, and including all notes, writings, notebooks, and related materials, and ASSIGNOR(S) authorize and request the Commissioner of Patents and Trademarks in the United States or other Patent Office authority outside the United States to issue all patents for said invention(s), or patents resulting therefrom, or claiming priority or relying thereon, insofar as ASSIGNOR(S)' interest is concerned, to ASSIGNEE.

ASSIGNOR(S) also assign to ASSIGNEE, all right, title and interest in and to the invention(s) disclosed in said applications throughout the world, including the United States and its territorial possessions and in all foreign countries, including all rights to claim priority, in and to any and all extensions and improvements which are disclosed in this or related United States Patent Applications, and the right to file applications and obtain patents, utility models, business models, industrial models and designs for said invention(s) in its own name throughout the

world, including all rights to publish cautionary notices reserving ownership of said invention(s) and all rights to register said invention in appropriate registries, and ASSIGNOR(S) further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in ASSIGNEE.

ASSIGNOR(S) also hereby assign all rights, title and interest to any improvements related to said invention(s) to ASSIGNEE and agree to promptly and fully communicate to ASSIGNEE any facts and information known to them respecting any improvements related to said invention(s) and said application while any patent application anywhere in the world is still pending that claims priority, whether directly or indirectly, from said invention(s) or said application. ASSIGNOR(S) will maintain any such facts and information in confidence and will only reveal such facts and information to ASSIGNEE or its assigns. ASSIGNOR(S) will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue, foreign and substitute applications, make lawful oaths, declarations, and affidavits and generally do everything possible to vest title in ASSIGNEE and to aid ASSIGNEE to obtain and enforce proper protection for said invention(s) and said application in all countries.

ASSIGNOR(S) shall not communicate nor cooperate in any manner with any third party, other than ASSIGNEE, that claims any rights in and to said invention(s) and said application.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
