ASSIGNMENT OF APPLICATION

Docket Number (Optional)

1024-034

Whereas, I, CHRISTOPHER P. TOWNSEND of Shelburne, VT, hereafter referred to as applicant, have invented certain new and useful improvements in Data Collection Using Sensing Units and Separate Control Units with all power derived from the control units for which an application for a United States Patent was filed on 12/6/2000 Application Number 09/1731,066 units

☒ for which an application for a United States Patent was executed on _____, and

☐ for which an application for a United States Patent was executed on _____, and

Whereas, Microstrain, Inc. of Williston, VT herein referred to "assignee" whose mailing address is 459 Hurricane Lane, Williston, VT is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, in consideration of the sum of Valuable Consideration dollars (\$ _____), the receipt whereof is acknowledged, and other good and valuable consideration, I, the applicant, by these presents do sell, assign and transfer unto said assignee the full and exclusive right to the said invention in the United States and the entire right, title and interest in and to any and all Patents which may be granted therefor in the United States. I hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Patent to said assignee, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

Executed this 5th day of December, 2000,
at Williston, Vermont
