## CONFIRMATORY ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, on this 11<sup>th</sup> day of December, 2008, Lars-Berno Fredriksson, residing in Kinna, SWEDEN, ("Assignor"), to ensure that the assignment made effective May 28, 2006, and filed with the United States Patent and Trademark Office on June 5, 2006, at Reel/Frame 017721/0773, is completed, hereby sells, assigns, and transfers to TIMEGALACTIC AB ("Assignee"), the extent of all right title, and interest in and to any and all of the following (collectively, the "Rights"):

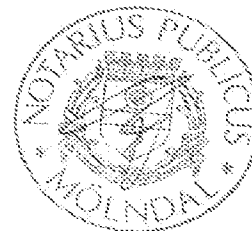

1. PCT Patent Application No. PCT/SE04/001540 ("the PCT Application");
2. U.S. Patent Application Serial No. 11/420,684 filed on May 26, 2006 (the "US Application");
3. All inventions claimed or described in any or all of the PCT Application or the US Application, (collectively, the "Inventions").
4. All rights with respect to the Inventions, including all U.S. patents or other governmental grants or issuances that may be granted with respect to the Inventions or from any direct or indirect divisionals, continuations, continuations-in-part, or other patent applications claiming priority rights from the PCT Application or the US Application ("Potential Patents");
5. All reissues, reexaminations, extensions, or registrations of the PCT Application or Potential Patents;
6. All non-United States patents, patent applications, and counterparts relating to any or all of the Inventions, the US Application, the PCT Application or Potential Patents, including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances ("Foreign Rights"), and including the right to file foreign applications directly in the name of Assignee, its successors and assigns;
7. The right to claim priority rights deriving from the PCT Application and/or the US Application;
8. All causes of action and remedies related to any or all of the US Application, the PCT Application the Inventions, Potential Patents, or Foreign Rights (including, without limitation, the right to sue for past, present or future infringement, misappropriation or violation of rights related to any of the foregoing and the right to collect royalties and other payments under or on account of any of the foregoing); and
9. Any and all other rights and interests arising out of, in connection with, or in relation to the US Application, The PCT Application, the Inventions, Potential Patents, or Foreign Rights.

Assignor will not sign any writing or do any act conflicting with this Assignment and, without further compensation, will sign all documents and do such additional acts as Assignee, its successors, legal representatives, and assigns deem necessary or desirable to perfect enjoyment of the Rights, conduct proceedings regarding the Rights (including any litigation or interference proceedings), or perfect or defend title to the Rights. Assignor requests the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models, or other governmental grants or issuances that may be granted upon any of the Rights in the name of the Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, legal representatives, and assigns and will be binding upon Assignor, his successors, legal representatives and assigns.
