WHEREAS, the city of California, hereinafter called the "Licensor" has
 (Institution)
 acquired by assignment from the inventor the entire right, title, and interest of the
 inventor to such invention;

NOW, THEREFORE

1. The Licensor, in consideration of the premises and other good and valuable
 consideration, hereby grants and conveys to the United States Government a royalty-free,
 nonexclusive, and irrevocable license for governmental purposes, and on behalf of any
 foreign government pursuant to any existing or future treaty or agreement with the
 United States of America, under the aforesaid patent application, and any and all
 divisions or continuations, and in any and all patents or reissues which may be
 granted thereon during the full term or terms thereof. As used herein, "governmental
 purpose" means the right of the Government of the United States, including any agency
 thereof, to practice and have practiced (made or have made, used or have used, sold or
 have sold) in connection with programs funded in whole or in part by the Federal
 Government throughout the world by or on behalf of the Government of the United States.

2. The Licensor covenants and warrants that he has the right to grant the
 foregoing license, and that any assignment which he may make of the invention or the
 said patent applications or patents thereon, shall expressly be made subject to this
 license.

3. The Licensor agrees that the Government shall not be estopped at any time
 to contest the enforceability, validity, scope of, or title to, any patent or
 patent application herein licensed.
