ASSIGNMENT

WHEREAS, Global Innovation Technology Holdings, LLC, a Florida limited liability company, located at 5801 Pelican Bay Blvd., Naples, FL 34108, (hereinafter “ASSIGNOR”), is the owner by assignment of the invention “Computer system security method and apparatus for creating and using program authorization information data structures” which was filed on June 3, 1993 as application serial no. 08/070787 and issued as United States Patent No. 5,311,591, “Computer system security method and apparatus having program authorization information data structures” which was filed on May 15, 1992 as application serial no. 07/883868 and issued as United States Patent No. 5,412,717, “Document composition system using named formats and named fonts” which was filed on February 13, 1987 as application serial no. 07/14853 and issued as United States Patent No. 4,881,197 (“the Patents”); and

WHEREAS, Information Protection and Authentication of Texas, LLC, located at 104 E. Houston Street, Marshall, TX 75670, (hereinafter “ASSIGNEE”), is desirous of obtaining the entire right, title and interest in, to and under said Patents; and

NOW, THEREFORE, in consideration of the sum of One Dollar ($1.00) to it in hand paid by said ASSIGNEE and other good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the Patents, and the said United States application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for the Patents in the United States, together with the right to file such applications in the United States and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventor’s certificates and designs which may be granted for the patent in the United States and all extensions, renewals and reissues thereof. The foregoing assignment expressly includes the right to pursue damages, injunctive relief, and other remedies for past, current and future infringement of any and all assigned intellectual property in the United States.

ASSIGNOR HEREBY authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any Official whose duty it is to issue patents or other evidence or forms of
industrial property protection on the United States applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument; and

ASSIGNOR HEREBY covenants and agrees that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict herewith; and

ASSIGNOR HEREBY further covenants and agrees that it will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known to it respecting the Patents, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper protection for the Patents in the United States.

IN TESTIMONY WHEREOF, ASSIGNOR hereunto sets its hand and seal the day and year stated below.
