ASSIGNMENT

In accordance with my/our obligations under an Employee Innovation and Proprietary Information Agreement or (as applicable) arising out of other agreements (such as, but not limited to, the Services Agreement between the General Electric Company, a New York Corporation, and my employer), and/or for other good and valuable consideration of which I/we acknowledge receipt, I/we,

Anne Lindsay Hall	of	New Berlin, WI;
Vincent Stanley Polkus	of	Delafield, WI;
Lucas Delaney	of	Milwaukee, WI; and
Stephen Metz	of	Kenmore, WA

hereby sell and assign to **General Electric Company**, a New York Corporation, having an address at 1 River Road, Schenectady, New York 12345, USA], (hereinafter referred to as "Company"), including its successors and/or assigns, if any, my (our) entire respective right(s), title(s) and interest(s) in and to the invention and improvements invented and originated by me/us and described in the non-provisional application for United States Patent currently entitled:

Medical Imaging System and Method Containing Ultrasound Docking Port

- executed concurrently herewith,
 filed on **December 16, 2008** having United States Application Number **12/336,288**

and any and all applications for patent and patents therefrom in any and all countries, including all divisions, continuations, reexaminations and reissues thereof, and all rights of priority resulting from the filing of said United States application, and authorize and request any attorney or agent associated with customer number 61604 to insert in the spaces provided above the filing date and application number of said application when known, and authorize and request any official whose duty it is to issue patents, to issue any patent on said inventions and improvements resulting therefrom to said Company, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Company, I/we will communicate to said Company or its representatives or nominees any facts known to me/us respecting said inventions and improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, reexamination and reissue applications, make all rightful oaths and generally do everything possible to aid said Company, its successors, assigns, and nominees to obtain and enforce proper patent protection for said invention and its improvements in all countries.
