For value received, I, **Marian Jozef Slezak**, of 4891 CW Rijsbergen, The Netherlands, **Cornelis Wijnand Schoenmakers** of 3328 GC Dordrecht, The Netherlands, hereby sell, assign and transfer to Fluid Well Instruments B.V., having an office at Generaal Maczeklaan 2, 5111 XC Baarle-Nassau, The Netherlands, and its successors, assigns and legal representatives, the entire right, title and interest, for the United States of America, in and to all of the inventions in the patent application entitled **Measuring device and method for local measurement of at least one electrical property of the content of a container** and identified by DeMont & Breyer's Attorney Docket as **9851-012US**, Serial Number **12/328940**, filed on **December 5, 2008**, and all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and I also concurrently hereby sell, assign and transfer to Fluid Well Instruments B.V. the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

I authorize Fluid Well Instruments B.V. to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from us, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.
