## BUSINESS FINANCING MODIFICATION AGREEMENT

This Business Financing Modification Agreement is entered into as of January 20, 2009, by and between DRC Computer Corporation (the "Borrower") and Bridge Bank National Association ("Lender").

1. DESCRIPTION OF EXISTING INDEBTEDNESS: Among other indebtedness which may be owing by Borrower to Lender, Borrower is indebted to Lender pursuant to, dating other documents, a Business Financing Agreement dated as of April 30, 2004 by and between Borrower to Lender, as may be amended from time to time (the "Business Financing Agreement"). Capitalized terms used without definition herein shall have the meanings assigned to them in the Business Financing Agreement.

Hereinafter, all indebtedness owing by Borrower to Lender shall be referred to as the "Indebtedness" and the Business Financing Agreement and any and all other documents executed by Borrower in favor of Lender shall be referred to as the "Existing Documents."

### 2. DESCRIPTION OF CHANGE IN TERMS

#### A. Consent to Sale of Specific Intellectual Property Assets

Borrower assigned certain interests in the patents as listed on Exhibit A to this Business Financing Modification Agreement (the "Patents") to Lender under an Intellectual Property Security Agreement dated as of April 30, 2004, as may have been amended (the "Security Agreement") and recorded with the U.S. Patent and Trademark Office on June 19, 2004 at Reel Number 021127 and Frame Number 0056.

Lender hereby consents to Borrower's sale of the Patents so long as the sale is consummated on terms and conditions satisfactory to Lender and occurs no later than March 31, 2009, provided that this consent does not extend to any other sales of assets and does not constitute a course of conduct consenting to any other such sales.

This consent is conditioned upon (i) Borrower depositing the proceeds of the sale into the account that Borrower maintains with Lender, and (ii) Borrower remaining in compliance with all aspects of the Existing Documents after completion of such sale.

Lender agrees that it releases its security interest in the Patents and reassigns to Borrower, without warranty or recourse, all interest of Lender in the Patents.

3. CONSISTENT CHANGES: The Existing Documents are each hereby amended wherever necessary to reflect the changes described above.

#### 4. INTENTIONALLY OMITTED.

5. NO DEFENSES OF BORROWER/GENERAL RELEASE: Borrower agrees that as of this date it has no defenses against the obligations to pay any amounts under the Indebtedness. Each of Borrower and Guarantor (each a "Releasing Party") acknowledges that Lender would not enter into this Business Financing Modification Agreement without Releasing Party's assurance that it has no claims against Lender or any of Lender's officers, directors, employees or agents. Except for the obligations arising hereafter under this Business Financing Modification Agreement, each Releasing Party releases Lender and each of Lender's and entity's officers, directors and employees from any known or unknown claims that Releasing Party now has against Lender of any nature, including any claims that Releasing Party, its successors, counsel, and advisors may in the future discover they would have now had if they had known facts not now known to them, whether founded in contract, in tort or pursuant to any other theory of liability, including but not limited to any claims arising out of or related to the Agreement or the transactions contemplated thereby. Releasing Party waives the provisions of California Civil Code section 1541, which states:

\*A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

The provisions, waivers and releases set forth in this section are binding upon each Releasing Party and its shareholders, agents, employees, assigns and successors in interest. The provisions, waivers and releases of this section shall inure to the benefit of Lender and its agents, employees, officers, directors, assigns and successors in interest. The provisions of this section shall survive payment in full of the Obligations, full performance of all the terms of this Business Financing Modification Agreement and the Agreement, and/or Lender's actions to exercise any remedy available under the Agreement or otherwise.

**6. CONTINUING VALIDITY.** Borrower understands and agrees that in modifying the existing Indebtedness, Lender is relying upon Borrower's representations, warranties and agreements as set forth in the Existing Documents. Except as expressly modified pursuant to this Business Financing Modification Agreement, the terms of the Existing Documents remain unchanged and in full force and effect. Lender's Agreement to modifications to the existing Indebtedness pursuant to this Business Financing Modification Agreement in no way shall obligate Lender to make any future modifications to the Indebtedness. Nothing in this Business Financing Modification Agreement shall constitute a satisfaction of the Indebtedness. It is the intention of Lender and Borrower to retain as liable parties all makers and endorser of Existing Documents, unless the party is expressly released by Lender in writing. No maker, endorser or guarantor will be released by virtue of this Business Financing Modification Agreement. The terms of this paragraph apply not only to this Business Financing Modification Agreement, but also to any subsequent Business Financing modification agreements.

**7. INTENTIONALLY OMITTED.**

**8. COUNTERSIGNATURE.** This Business Financing Modification Agreement shall become effective only when executed by Lender and Borrower.
