ASSIGNMENT

(U.S. PATENTS)

WHEREAS, Snap International LLC, an Illinois limited liability company; and Snap Laboratories LLC, an Illinois limited liability company (“Assignors”) desire to assign to Snap Diagnostics, LLC, an Illinois limited liability company (“Assignee”), any and all right, title and interest owned by Assignors in and to the U.S. patents identified on Schedule A attached hereto (the “Patents”);

NOW, THEREFORE, in consideration of good and valuable consideration delivered by Assignee to Assignors, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, grant, assign, convey and transfer unto Assignee any and all right, title and interest owned by Assignors, individually or collectively, in and to the Patents, including any and all right, title and interest in the inventions disclosed therein, any applications or patents arising therefrom or any continuation or divisions thereof, and any and all re-examinations or reissues thereof and the subject matter of any and all claims which may be obtained in every such patent or patent application, the same to be held and enjoyed by Assignee, its successors, assigns or other legal representatives, for its own use and advantage, and for the use and advantage of its successors, assigns or other legal representatives, to the end of the term or terms for which patents are or may be granted, reissued or re-examined, as fully and entirely as the same would have been held and enjoyed by Assignors had this Assignment not been made, including all rights to profits and damages by reason of past infringement of the Patents by any party or parties, with the right to sue and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives.

Assignors hereby appoint Assignee its attorney-in-fact to act in Assignor’s name, place and stead to execute, deliver and record any document or instrument of assignment required in

any country in which any applications or patents arising from the applications are pending or issued, granting or confirming the rights granted herein, but only to the extent of those rights granted herein in connection with the Patents.

The undersigned declares and states that pursuant to applicable agreements between the Assignors he is properly authorized by the Assignors to execute this instrument on behalf of said Assignors, and that he is properly authorized by Assignee to execute this Agreement.
