ASSIGNMENT

For valuable consideration, we, Joseph A. Daniel of Sagamore Hills, OH, Edward Hillen of Painesville, OH, and William T. Matthews of Chesterland, OH, citizens of the United States, (hereinafter referred to as "Assignors") hereby assign to Lincoln Global, Inc., a Delaware corporation organized and existing under and by the virtue of the laws having a place of business located at, 17721 Railroad Street, City of Industry, CA 91748, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of United States Patent Application, U.S. Serial No. 12/361,928, Attorney Docket No. 70465.00020, entitled; **"SYSTEM FOR MEASURING ENERGY USING DIGITALLY CONTROLLED WELDING POWER SOURCES"**, filed on even day herewith, and related applications and patents, this assignment including said application, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisions, continuations, reissues, continuations-in-part and extensions thereof, and the right to claim priority based on the filing date of said application and based on the filing date of any provisional application of which said application claims the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in my name or in its own name for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements; and we agree for ourselves and our heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts, to promptly provide Assignee with all pertinent facts and documents relating to said invention or application as may be known and accessible to us, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments, and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.
