PATENT ASSIGNMENT

WHEREAS, Anthony F. DiMarco (hereinafter "DiMarco") and Krzysztof E. Kowalski (hereinafter "Kowalski") have jointly invented certain new and useful improvements in "Respiratory Muscle Activation by Spinal Cord Stimulation" (hereinafter the "Invention");

WHEREAS, the Invention is described and claimed in United States Application Serial No. 12/555,986, filed on January 19, 2009 (hereinafter the "Patent Application"), the Patent Application bearing Attorney Docket No. ADM.P.1600;

WHEREAS, DiMarco has paid for all costs associated with preparing and filing of the Patent Application and desires to pay for all future costs associated with the prosecution of the Patent Application to the issuance of Letters Patent or other final disposition;

WHEREAS, DiMarco desires to acquire an assignment of all of Kowalski's right, title and interest in and to the Invention and the Patent Application.

WHEREAS, Kowalski desires and is willing to and assign and transfer all of his right, title and interest in and to the Invention and Patent Application to DiMarco; and

NOW, THEREFORE, in consideration of one dollar (\$1.00), and other good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Kowalski hereby sells, assigns, and transfers to DiMarco, his successors and assigns, Kowalski's entire right, title, and interest in and to the Invention and the Patent Application; any and all continuations, continuations-in-part, divisionals, and renewals thereon; all reissues, re-examination certificates or extensions thereof; all United States Letters Patent granted thereon; any and all Letters Patents on said Invention and Patent Application, and other applications therefor, including all rights to claim priority, in any and all countries foreign to the United States of America; and all rights to bring any and all causes of action against third parties for infringement of the Invention, Patent Application or any granted patent resulting from the Patent Application or subsequent application claiming priority from the Patent Application and to recover damages for past, present or future infringement.

Kowalski hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue all United States Letters Patent on said Invention and Patent Application, or applications resulting therefrom to DiMarco, as assignee of the entire right, title, and interest.

Kowalski further agrees that on request and without further consideration, but at the sole expense of DiMarco, Kowalski will with respect to the Invention and Patent Application or any subsequent application on the Invention communicate to counsel for DiMarco, his successors and assigns all facts known; testify in all legal proceedings; sign all lawful papers; execute all applications; make all rightful oaths; generally do everything possible to aid DiMarco, his successors and assigns to obtain and enforce lawful patent protection for said Invention in the United States and countries foreign thereto; and vest the entire right, title and interest in and to said Invention, Patent Application and any and all subsequent applications for letters patent therefor and letters patent thereon in DiMarco, his successors and assigns.
