PATENT ASSIGNMENT

DELPHI TECHNOLOGIES, INC., a Delaware corporation,

hereby assigns and transfers to

STRATTEC POWER ACCESS LLC, a Wisconsin limited liability company,

its entire right, title and interest in the patents and patent applications set forth below, as well as any and all patents maturing from a continuation, continuation-in-part, division, reissue or reexamination of any of the patents and patent applications set forth below and regardless of whether such patent matures from a convention or non-convention application, or any other substitution, renewal, extension, addition, utility model or other United States or foreign patent, including the right to sue and/or initiate any proceeding to collect any and all damages arising from past infringement, subject to the rights of joint owners, to rights granted to others prior to the date of this assignment, and to the terms of the Master Sale and Purchase Agreement among **Delphi Corporation** and **Strattec Security Corporation** dated as of **November 7, 2008**:
