ASSIGNMENT

WHEREAS, **Shelter Technologies, LLC**, a limited liability company organized under the laws of the state Kentucky, having its principal offices at 627 Drakes Creek Road, White Plains, Kentucky 42464 (hereinafter referred to as Assignor), is the sole owner of the entire right, title and interest in and to the patents (hereinafter referred to as Patents) and pending applications (hereinafter referred to as Applications), and the inventions described therein, listed on the attached Schedule;

WHEREAS, **Rhino Technologies LLC**, a limited liability company, organized under the laws of the state of Delaware, having its principal office at 424 Lewis Hargett Circle, Suite 250, Lexington, Kentucky 40503 (hereinafter referred to as Assignee) is desirous of acquiring the entire right, title and interest in and to the aforesaid Patents and Applications and the inventions therein described;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, said Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer unto Assignee, its successors and assigns, the entire right, title and interest in and to the said inventions as described in the aforesaid Patents and Applications, and any divisions or continuations thereof and the inventions therein disclosed, and any patent or patents that may be issued or reissued thereon, the same to be held and enjoyed by the said Assignee for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives to the full end of the term for which said Patents and said Applications have been granted or may be granted, as fully and entirely as the same would have been held and enjoyed by said Assignor, if this assignment and sale had not been made; together with all claims for damages by reason of past infringement of said Patents, with the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns and other legal representatives; Assignor hereby authorizes said Assignee, its successors and assigns, to file in its own name applications for patents in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States applications or otherwise, and to secure in its own name the patent or patents issued thereon; and Assignor hereby agrees that, upon request, it will sign all papers, and make all rightful oaths, and do all acts which said Assignee, its successors or assigns, at their own expense, may consider necessary in connection with said Patents or Applications, and in connection with any other United States or
