PATENT SECURITY AGREEMENT

(PATENTS AND PATENT APPLICATIONS)

WHEREAS, TECHNICAL GRAPHICS, INC., a New Hampshire corporation (herein referred to as "Grantor"), owns the Patents listed on Schedule I annexed hereto;

WHEREAS, reference is made to that certain Credit Agreement dated as of December 22, 2008 (as amended, restated, supplemented or modified from time to time, the "Credit Agreement") among Grantor, the lenders from time to time party thereto, and Toronto Dominion (Texas) LLC, as administrative agent ("Agent"); and

WHEREAS, pursuant to the terms of the Guarantee and Collateral Agreement dated as of Decemeber 22, 2008 (as amended, restated, supplemented or modified from time to time, the "Collateral Agreement") among Grantor, the other grantors party thereto and Agent, as administrative agent for the secured parties referred to therein, Grantor has granted to Agent for the ratable benefit of such secured parties a continuing security interest in or other Lien (as defined in the Credit Agreement) on substantially all the assets of the Grantor, including all right, title and interest of Grantor in, to and under the Patent Collateral (as defined below), whether now owned or existing or hereafter acquired or arising, to secure its Secured Obligations (as defined in the Collateral Agreement);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby grant to Agent, to secure its Secured Obligations (as defined in the Collateral Agreement), a continuing security interest in all of Grantor's right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the "Patent Collateral"), whether now owned or existing or hereafter arising or acquired:

(i) each United States Patent (as defined in the Collateral Agreement) owned by Grantor, including, without limitation, each Patent and Patent application referred to in Schedule I hereto; and

(ii) all proceeds of and revenues from the foregoing, including, without limitation, all proceeds of and revenues from any claim brought by Grantor in Grantor's sole discretion against third parties for past, present or future infringement of any Patent, including, without limitation, any Patent referred to in Schedule I hereto.

Grantor hereby irrevocably constitutes and appoints the Agent and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full power and authority in the name of Grantor or in its name, from time to time, in the Agent's discretion, so long as any Event of Default (as defined in the Credit Agreement) shall have occurred and be continuing, to take with respect to the Patent Collateral any and all appropriate action which Grantor might take with respect to the Patent Collateral and to execute any and all documents

and instruments which may be necessary or desirable to carry out the terms of this Patent Security Agreement and to accomplish the purposes hereof.

Except to the extent permitted in the Collateral Agreement or the Credit Agreement, Grantor agrees not to sell, license (other than in the ordinary course of business), exchange, assign or otherwise transfer or dispose of, or grant any rights with respect to, or mortgage or otherwise encumber, any of the foregoing Patent Collateral; provided, however, that Grantor may license the Patent Collateral in the ordinary course of business.

The foregoing security interest shall terminate upon termination of the Collateral Agreement and full and final payment of the Secured Obligations (as defined therein). Upon termination of this Agreement, at the sole expense of the Grantor and at the Grantor's request, the Agent shall take such actions as may reasonably be necessary to release the Agent's security interest in the Patent Collateral.

The foregoing security interest is granted in conjunction with the security interests granted to the Agent pursuant to the Collateral Agreement. Grantor does hereby further acknowledge and affirm that the rights and remedies of Agent with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

[Signature Pages Follow]

IN WITNESS WHEREOF, Grantor has caused this Patent Security Agreement to be duly executed by its officer thereunto duly authorized as of the 17th day of December, 2008.
