ABX-UICASSIGNMENT

WHEREAS The Board of Trustees of the University of Illinois, (hereinafter "UIC"), a university organized and existing under the laws of the state of Illinois and having an office and place of business at 352 Administration Building, 506 South Wright Street, Urbana, Illinois 61901, United States, is the assignee of the right, title and interest from inventors Bellow S. Prabhakar and Melissa Coughlin pursuant to an assignment to UIC (copy attached) in and to United States Patent Application No. 11/895,129 entitled "ANTIBODIES TO SARS CORONAVIRUS", and the invention(s) described and claimed therein; and

WHEREAS Amgen Inc., a corporation organized and existing under the laws of the state of Delaware and having an office and place of business at One Amgen Center Drive, Thousand Oaks, California 91320-1799, United States, is desirous of acquiring UIC's interest in said invention(s), said United States patent application and in any Letter Patents which may issue thereon;

Now, therefore, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of which is hereby acknowledged, We have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said Amgen Inc., its successors, assigns and legal representatives, all right, title and interest in and to said invention(s) and any improvements thereon for all countries of the world, and in and to said United States patent application, including any continuations and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and we hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said Amgen Inc. as the assignee of the entire interest therein; and we further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.

It is our intention that this assignment be effective as of the earliest priority date, May 19, 2006, of the earliest priority claim, United States Provisional Patent Application No. 60/801,951.

IN TESTIMONY WHEREOF, I have hereunto signed my name on the date indicated hereinafter.
