PATENT ASSIGNMENT

WHEREAS, Chambers Medical, LLC, a Minnesota limited liability company ("Assignor"), is the owner of the United States patent identified on the attached Exhibit A; and

WHEREAS, Chambers Technologies, LLC, a Michigan limited liability company, ("Assignee") desires to acquire the entire right, title and interest in and to the United States patent and in and to the inventions described and claimed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, its successors and assigns: the entire right, title and interest in and to the patent listed on Exhibit A hereto including the inventions therein described and claimed; all rights for past infringement thereof; all renewals, reissues, extensions, substitutions, continuations, continuations-in-part, or divisions thereof, or any applications which claims any priority rights thereof; all foreign applications based thereon; and the right to apply for patents in foreign countries in its own name, including the right to claim any priority rights to which such foreign applications are entitled under international conventions, treaties, or otherwise.

Assignor further agrees to execute and deliver without further consideration any further application, assignments or other documents and to perform such other lawful acts as Assignee, its successors and assigns may deem reasonably necessary to fully secure, maintain and enforce its rights, title or interest as specified herein.
