PATENT OWNERSHIP CONFIRMATION

Each of the following inventors, Thomas Treimer, Ingo Hildebrand, and Hubert Stützle hereby confirms that Airbus Deutschland GmbH, a German corporation having a place of business at Kreetzlag 10, 21129 Hamburg, Germany, ("Airbus") already owns and holds all of his/her patent rights in the inventions claimed in a United States Patent Application entitled, "Improved Decompression Device With Adjustable Release Pressure" which claims priority to German Application No. DE 10 2007 061433.2, filed December 20, 2007 ("the non-U.S. priority application"), and U.S. Provisional Application No. 61/015,236, filed December 20, 2007. Each inventor also acknowledges that the non-U.S. priority application was filed with his/her knowledge and consent, and by his/her legal representatives or assigns, so as to entitle this U.S. patent application to the benefit of the priority claim to the non-U.S. priority application under 35 U.S.C. § 119. This patent confirmation document applies to this U.S. application, and to any and all other U.S. continuing applications based thereon ("any related U.S. application"). To fully effectuate this confirmation, each of us agrees to cooperate with Airbus, as deemed reasonably necessary by Airbus, to assist in prosecuting this U.S. application or any related U.S. application. Furthermore, providing such assistance shall not entitle any inventor to extra compensation, other than compensation which the inventor may already be entitled to under applicable law other than U.S. law.
