ASSIGNMENT OF PATENT RIGHTS

WHEREAS, the undersigned, ArchPro Design Automation, Inc. (hereinafter "Assignor"), a Delaware Corporation having a business address at 700 E. Middlefield Road, Mountain View, CA 94043 presently holds title and all rights to United States Patent application serial number: 11/696,724 filed on: 05 April 2007 and to the invention described in the application;

WHEREAS, SYNOPSIS, INC. (hereinafter "Assignee") a Delaware Corporation having a business address at 700 E. Middlefield Road, Mountain View, CA 94043, is desirous of obtaining the entire right, title and interest in, to and under said patent and said invention;

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by Assignor to have been received in full from said Assignee, Assignor confirms the following:

1. Assignor has sold, assigned, transferred and conveyed unto said Assignee the entire right, title and interest (a) in and to United States Patent application serial number: 11/696,724, filed on 05 April 2007; and to the inventions described in this application; (b) in and to all rights to apply for foreign patents on based upon said patent application pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said inventions in the United States or any foreign country (including rights to all past and future damages arising from infringement of these patents), including each and every application filed and each and every patent granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said applications; and (d) in and to each and every reissue or extension of any of said patents.

2. Assignor agrees to cooperate with Assignee to enable Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Assignor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, Assignor's legal representatives and assigns.

4. Assignor hereby warrants and represents that Assignor has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, Assignee has executed this instrument as of the date written below.

Date: February 17, 2009
