By its undersigned representative, the Assignor agrees:

a. to execute all papers necessary in connection with the Patent Application/Patent and any continuing, divisional, reissue, reexamination or corresponding application thereof and also to execute separate Assignments in connection with such application as the Assignee may deem necessary or expedient;

b. to execute all papers necessary in connection with any interference which may be declared concerning the Patent Application/Patent or any continuation, division, reissue or reexamination thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference; and

c. to perform all affirmative acts which may be necessary to obtain a grant of a valid United States patent to the Assignee on the Patent Application and on any continuation, division, reissue or reexamination of the Patent Application.

By its undersigned representative, the Assignee agrees:

a. to reasonably compensate Snap-tite Technologies, Inc. for time and expenses spent in connection with any such interference or litigation in connection with said United States Patent or Patent Application;

The Assignor hereby covenants that it has the full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict therewith. Snap-Tite Technologies, Inc., a Wilmington, Delaware corporation, certifies that it is the Owner of the entire right, title and interest in the Patent Application identified above by virtue of an assignment of the Patent Application identified above. This Assignment was filed on July 29, 2003 and recorded on July 29, 2003, at Reel 13838 Frame 0172, and a change of address was recorded on January 11, 2008, at Reel 20353 Frame 0559.

To the best of the undersigned's knowledge and belief, title is in the Assignor identified above. The undersigned is empowered to execute this assignment on behalf of the Assignor.

The undersigned hereby declares that all statements made herein of his own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
