Scientific Games International, Inc. (hereinafter referred to as ASSIGNEE) is a corporation duly organized, incorporated, and existing under the laws of Delaware, has a place of business at 220 Continental Drive, Suite 407, Newark, Delaware 19713, and desires to acquire or confirm its ownership of the entire right, title, and interest in and to the invention, inventions, or improvements, and in and to the patent application, and in and to any and all patents, both of the United States and of all foreign countries, that may be obtained.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN, that we, the ASSIGNORS, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, have sold, assigned, transferred, and conveyed, and by this Assignment do sell, assign, transfer, and convey, unto the ASSIGNEE, its successors, and assigns, the entire right, title, and interest throughout the world in and to my invention, inventions, or improvements described or set forth in the application, in any form or embodiment thereof, and in and to the application, and in and to any applications filed in any foreign country based thereon, including the right to file foreign applications under the provisions of any convention or

treaty, and in and to any confirmation, divisional, continuation, continuation-in-part, or substitute application which may be filed on the invention, inventions, or improvements in the United States or in any foreign country, and in and to any and all patents, certificates, utility models, reissues, extensions, additions, or confirmations thereof which may be granted in the United States or in any foreign country upon the invention, inventions, or improvements, to have and to hold the same to the full end of the term or terms for which any and all such United States and foreign patents and grants may be issued on the invention, inventions, or improvements.

We do hereby authorize and request the issuing authority to issue any and all of the United States and foreign patents on the application or applications to the ASSIGNEE, its successors, and assigns as the assignee of the entire right, title, and interest in and to the same for the sole use and benefit of the ASSIGNEE, its successors, and assigns.
