ASSIGNMENT

WHEREAS, I, HEINZ KEMPF, a citizen of Germany, residing at the address as stated below, have invented an "Housing for Holding Electronic Plug-In Assemblies" for which I have executed an application for United States Letters Patent filed concurrently herewith.

WHEREAS SCHROFF GMBH (hereinafter referred to as ASSIGNEE), a corporation having a place of business at Industriegebiet, 75334 Straubenhardt, Germany, is desirous of acquiring the same;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by me, I have assigned, sold, transferred and set over and by these presents do assign, sell, transfer and set over unto said ASSIGNEE the entire right, title and interest in and to (a) said invention in the United States; (b) said application, including all divisions, continuations and substitutions thereof; and (c) all United States patents which shall issue on said application, including all reissues, renewals and extensions thereof, for the United States, its territories and possessions; and to claim priority under any and all treaties and conventions to which the United States of America is signatory, including the Paris Convention for the Protection of Industrial Property, for said application, or any division, continuation or substitution thereof, the same to be held and enjoyed by said ASSIGNEE, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by me, had this assignment not been made.

I covenant and agree that I will, at any time upon the request and at the expense of said ASSIGNEE, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of said ASSIGNEE, to enable and assist said ASSIGNEE to (a) obtain Letters Patent, both domestic and foreign, on said invention; (b) establish, maintain and secure title in said ASSIGNEE, its successors and assigns, to said invention, application and Letters Patent, including making such title of lawful public record; and (c) defend, establish or otherwise preserve the validity of said Letters Patent against any and all infringers, and perform such other acts as are necessary to give full force and effect to this assignment.

I represent and covenant that no assignment, mortgage, sale, license, pledge, encumbrance or alienation of said invention or patent application has been or will be made or entered into which would conflict with this assignment and sale.

I hereby authorize and request the Commissioner for Patents of the United States to issue all Letters Patent based on said application and each division, continuation, substitution, reissue, renewal and extension thereof to said ASSIGNEE, its successors and assigns.

IN TESTIMONY WHEREOF, I have duly executed this assignment on the date as indicated next to my name.
