ASSIGNMENT

WHEREAS, I, **Marc D. Andelman** (hereinafter Assignor), have invented and/or own certain invention(s) in the Letters Patent/s and Applications, set forth in Exhibit A attached hereto and hereby incorporated by reference:

WHEREAS, **Biosource, Incorporated** (hereinafter ASSIGNEE), a Massachusetts corporation organized and existing under the laws of the **Commonwealth of Massachusetts United States of America**, desires to acquire, and hereby accepts, the interest therein:

NOW, THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, and transferred, and by these presents does hereby sell, assign, and transfer, unto said ASSIGNEE, its successors, assigns, and legal representatives, the entire right, title, and interest, in and throughout the United States of America, its territories, and all foreign countries, in and to said invention(s) as described in said applications, together with the entire right, title, and interest in and to said patents, applications and such Letters Patents as may issue thereon and to all corresponding continuations, divisions, and foreign patents and applications claiming priority therefrom: said invention, applications, and Letters Patents to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns, and legal representatives, to the full end of the term for which said Letters Patents may be granted as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made. Assignor does hereby convey all rights arising under or pursuant to any and all international agreements, treaties, or laws relating to the protection of industrial property by filing any such applications for Letters Patent. Assignor hereby acknowledges that this assignment, being of the entire right, title, and interest in and to said invention(s), carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patents by attorneys and agents of ASSIGNEE'S selection, and the right to procure the grant of all such Letters Patents to ASSIGNEE for its own name as assignee of the entire right, title, and interest therein;

AND, Assignor hereby further agrees for itself and its executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention to said ASSIGNEE, its successors, assigns, and legal representatives, but at Assignee's expense and charges, including the execution of applications for patents in foreign countries, and the execution of substitution, reissue, divisional, or continuation applications and preliminary or other statements and the giving of testimony in any interference or other proceeding in which said invention or any application or patent directed thereto may be involved;

Assignor: Marc D. Andelman
Assignee: Biosource, Incorporated

Page 2 of 4

AND, Assignor does hereby authorize and request the Commissioner of Patents of the United States to issue such Letters Patent as shall be granted upon said application or applications based thereon to said ASSIGNEE, its successors, assigns, and legal representatives.

IN TESTIMONY WHEREOF, Assignor has hereunto set hands and affixed seal on the date set forth below.
