ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT, made by David W. Sokol residing at 6473 Wyndburne Drive, Dublin, Ohio 43016; Craig T. Walters, residing at 400 Fox Run, Powell, Ohio 43065; and Steven M. Toller residing at 6294 Newgrange Drive, Dublin, Ohio 43016 (hereinafter referred to as "Assignors");

WHEREAS, Assignors have invented:

LASER BOND INSPECTION USING ANNULAR LASER BEAM

filed on October 17, 2007, as application No. 11/873,677.

NOW THEREFORE, pursuant to the obligations imposed by or arising under one or more of my employment agreement(s), advisor agreement(s), state or national statutes, common law, and administrative regulation, and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I/we hereby do make the following assignments -

To **LSP Technologies, Inc.**, a corporation created and duly organized under the laws of the state of Ohio and having a place of business at 6145 Scherers Place, Dublin, Ohio 43016, and its successors and assigns, I/we hereby

- assign, transfer, and set over the full and exclusive worldwide right, title and interest to the above-described invention and to the above-described application for letters patent of the United States as well as any substitute, continuation, continuation-in-part, or divisional application filed thereon, to any application for letters patent of the United States that claims priority from the above-described application, to any letters patent of the United States that issues from such application(s) as well as any reissue application or request for reexamination filed on such letters patent, and to any patent application which may be filed on said invention in any foreign country as well as any foreign patent granted thereon;
- covenant and agree for myself and my legal representative(s) to
 - a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of said application for patent, in any interference declared on said

application for patent or patent issuing therefrom, or in litigation which arises out of or is based on said invention, application for patent or patent issuing therefrom, and

b) execute all papers related to said application for patent which said assignee or its designee(s) request to be signed,

provided that expenses relating thereto shall be borne by said assignee; and

- authorize and request the Commissioner of Patents and Trademarks and Patent Office officials of any and all foreign countries to issue any letters patent of the United States relating to the above-described invention in the name of said assignee.

IN WITNESS WHEREOF, I/we have executed this document on the date next to our individual name
