PATENT AGREEMENT ASSIGNMENT

This is a Patent Assignment Agreement, dated January 12, 2009, from Paradyne Corporation, a Florida corporation with its principal place of business at 8545 126th Avenue North, Largo, Florida 33773, ("Paradyne") to ipernica ltd. (f.k.a. QPSX Ltd.), an Australian corporation with its principal place of business at 16 Ord Street, PO Box 1327, West Perth, WA 6872 Australia ("ipernica"). Paradyne is the owner by assignment of all right, title and interest in and to the United States Patents listed in Appendix A ("Patents").

Zhone Technologies, Inc., a Delaware corporation with its principal place of business at 7001 Oakport Street, Oakland, CA 94621 ("Zhone") and ipernica entered into a Settlement Agreement on November 4, 2008, the consideration for which was the assignment of the Patents (defined below) to ipernica. Paradyne is a wholly owned subsidiary of Zhone.

NOW, THEREFORE, Paradyne hereby sells, assigns and transfers unto ipernica, its successors and assigns, its entire right, title and interest in and to (i) The United States Patents listed on Appendix A, (ii) any and all inventions disclosed in the patents, and (iii) all continuations, continuations-in-part, divisions, reissues, reexaminations and foreign counterparts of each of the foregoing patents, including the rights to sue and collect damages, royalties and settlements for past infringements; the Patents are to be held by ipernica for its own use and enjoyment and that of its successors, assigns or other legal representatives, to the end of the term or terms for which the Patents are granted or issued, as fully and entirely as would have been held by Paradyne had this Assignment not been made.

Paradyne represents and warrants to ipernica that it has good title to the Patents, it is the sole and exclusive owner thereof, and the patents are free and clear of any liens, encumbrances or rights of others.

Paradyne warrants with respect to the Patents that it is not aware of any fact that would render the patent invalid or unenforceable.

Paradyne and Zhone retain a license to engage in all conduct that would otherwise be prohibited by 35 U.S.C. § 271 under the assigned Patents.

Paradyne covenants that ipernica will, upon its request, be provided with all pertinent facts and documents relating to the Patents as may be known and accessible to Paradyne, and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to ipernica or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said Patents throughout the world which may be necessary or desirable to carry out the purpose hereof.

IN WITNESS WHEREOF, Paradyne has caused this Patent Assignment Agreement to be signed by its duly authorized representative.
