RECITALS

- A. The Assignors are the applicants in respect of United States Patent Application Serial No. 11/570,970 ["the Application"] in respect of an invention entitled **Apparatus and system for stock control** ["the Invention"], and the owners of proprietary rights in the Invention.
- B. The Assignors have agreed to assign all of their rights, title, and interest in, and to, the Application and the Invention to the Assignee.

NOW THIS DEED WITNESSES:

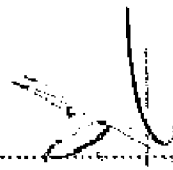

1. In consideration of the payment of one Australian dollar, and other good and valuable consideration, the receipt of which is acknowledged by the Assignors, the Assignors hereby assigns all of their rights, title and interest in, and to, the Application and the Invention to the Assignee, including:
- (a) the right to file further patent applications for the Invention in the United States of America and elsewhere, and
 - (b) the right to sue, and recover damages or an account of profits in respect of any infringement of any resultant patent for the Invention which may have occurred prior to the date of this assignment.

2. The Assignors agree to execute and deliver all documents reasonably required for such further patent applications and recordal of this assignment, at the Assignee's expense.
3. The Assignee agrees to pay any statutory charges, taxes or duties payable in relation to this assignment.
4. The Assignors warrant that they have provided the Assignee with the results of any documentary searches carried out by, or on behalf of the Assignor, whether conducted in the United States or elsewhere, for the purposes of assessing the patentability of the Invention.
