Assignment of 5502.05 (SMC) "Sigma-Delta Modulator Including Truncation and Applications Thereof"

ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, we, the undersigned, **Michel Robbe and Stephan Doucet**, do hereby sell, assign, and transfer to **Acco Semiconductor, Inc.**, a Corporation with offices at **3200 El Camino Real, Suite 230 Irvine, CA 92602-1381** ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title and interest for the United States and all foreign countries, in and to any and all improvements which are disclosed in the following United States patent applications:

Provisional Patent Application Ser. No. **61/163,182** filed on **March 25, 2009** and entitled **"Improved Delta Sigma Modulators for High Speed Applications"**

and

Non-Provisional Patent Application Ser. No. **12/410,964** filed on **March 25, 2009** and entitled **"Sigma-Delta Modulator Including Truncation and Applications Thereof"**

and in and to said applications and all utility, divisional, continuing, substitute, renewal, reissue, and all other patent applications which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States patent application; and

Agree that said Assignee may apply for and receive patents for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the

Assignment of 5502.05 (SMC) "Sigma-Delta Modulator Including Truncation and Applications Thereof"

intent and purpose of this Assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
