## ACKNOWLEDGMENT OF PATENT ASSIGNMENT

I/We, the undersigned, for good and valuable consideration, hereby expressly acknowledge individually and on behalf of Saddle Peak Systems, a California general partnership, and Allocation Sciences Corporation (ASC), a California corporation (collectively Assignor) that the entire right, title and interest, for all countries, in and to: (a) any and all inventions set forth in U.S. Patent Nos. 6,078,904 and 6,405,179 (the "Patents") (b) any and all rights and privileges that may be issued, granted or otherwise arise from, in any country, any and all said inventions (such rights and privileges including, without limitation, any and all patent rights, and other protections arising from the Patents, and other proprietary rights) have been assigned and otherwise transferred onto the Rebane Trust (G.J. Rebane & Jo Ann Rebane Trustees of the Rebane Trust, fbo G.J. & Jo Ann Rebane, declared August 28, 1990) (Assignee).

I/We grant Assignee a limited power of attorney to execute documents on my/our behalf to give effect to this provision in case I am unavailable, deceased, incapacitated, or otherwise unable or unwilling to cooperate in the process of effecting a transfer of ownership, or recordation of ownership right(s) in the name of the Assignee.

This Assignment grants said Assignee (or its successors, assigns, and legal representatives, or nominee(s) as Assignee may designate) the sole right (a) to pursue in its own name any past, present, or future actions (including, without limitation, claims of infringement) based on any and all rights and privileges that may be issued, granted or otherwise arise from, or relate to, in any country, any and all said inventions (such rights and privileges including, without limitation, any and all patent rights, other protections arising from patent applications, and other proprietary rights) and (b) to exclusively retain any awards, settlements, or other remedies therefrom.

I/We hereby consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose. I/We covenant, with said Assignee, its successors, assigns, and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I/we have full right to convey the same as herein expressed.

I/We agree that I/We will not execute any assignment, encumbrance or other writing, or do any other act, that conflicts (a) with this Assignment or (b) without limiting the generality of the foregoing, with any provision set forth herein.
