ASSIGNMENT AGREEMENT

THIS ASSIGNMENT AGREEMENT effective this 16 day of December, 2008, is made by and between:

David WOODS, Scott JOHNSON and Ian SOUTAR (collectively, the "Assignors"), are the inventors of certain inventions and/or improvements described and claimed in a U.S. Patent Application filed herewith entitled:

AIR POWERED SIGNALING SYSTEM

(the "Application")

AND WHEREAS WOODSCAN INDUSTRIES INC. (the "Assignee"), a British Columbian corporation, having a place of business at 335 - 984 McKenzie Avenue, Victoria, British Columbia, Canada V8X 4E7, has acquired from the Assignors the whole right, title and interest for the United States of America and all other countries in and to the invention and in and to any Letters Patent that may be obtained therefore, and in and to the Application, and in and to any applications claiming priority therefrom or the benefit thereof, and any divisionals, continuations, national phase entries, reissues and extensions of such applications.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt of all of which is hereby acknowledged, the Assignors confirm that they have sold, assigned and transferred and do hereby sell, assign and transfer unto the Assignee, the full and exclusive right to the Application in the United States and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor, and the entire right, title and interest in and to the Application, and in and to any applications claiming priority therefrom or the benefit thereof, and any divisionals, continuations, national phase entries, reissues and extensions of such applications.

The Assignors agree that they will, without further consideration, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the Application, and in and to any applications claiming priority therefrom or the benefit thereof, and any divisionals, continuations, national phase entries, reissues and extensions of such applications, and for additions and modifications thereto in any and all countries, and to vest title thereto in the Assignee, their successors, assigns and legal representatives or nominees.

The Assignors hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America and any official of any country or countries foreign to the United States of America whose duty it is to issue patents on applications as aforesaid, to issue any said Letters Patent to the Assignee of the entire right, title and interest in and to the same, for their sole use and benefit, and for the use and benefit of their successors and assigns, to the full end of the term for which the Letters Patent may be granted as fully and entirely as the same would have been held by the Assignors had this assignment and sale not been made.

This Assignment may be signed in as many counterparts as may be necessary, and may be signed by facsimile or other means of electronic communication producing a printed copy, each of which so signed shall be deemed to be an original, and such counterparts together shall constitute one and the same instrument and notwithstanding the date of execution shall be deemed to bear the date set forth above.
